In relation to the above the following ordinary and special resolutions will be proposed:

Ordinary Resolutions

Chairman for the Meeting (item 1)

The Nomination Committee for the 2017 Annual General Meeting, comprised of Joakim Andersson (Chairman of the Nomination Committee), on behalf of Kinnevik AB, Ramsay Brufer, on behalf of Alecta, and Per Åhlgren, on behalf of GoMobile Nu AB, proposes that Per Åhlgren is elected as Chairman for the Meeting.

The appropriation of the Company's results (item 7)

The Board of Directors proposes to approve a) the adoption of the profit and loss account and the balance sheet as well as the consolidated profit and loss account and the consolidated balance sheet; and b) the appropriation of the Company's results according to the adopted balance sheet. The Board of Directors proposes that no dividend shall be paid for the financial period 2016.

Election of Directors and auditors etc. (items 8-10)

The Nomination Committee proposes that the Board shall consist of three Directors without deputies. The Nomination Committee proposes the re-election of Franco Danesi and Per Åhlgren and the election of the

Company's Chief Executive Officer, Richard Warburton, as new Board member, and each re-election and board appointment shall be subject of a separate resolution. The Nomination Committee proposes that no Board remuneration shall be paid.

The Nomination Committee proposes that PricewaterhouseCoopers AB is elected as auditor of the Company and remunerated upon approval of their invoice.

Nomination Committee (item 11)

In view of the the Company's contemplated voluntary liquidation, the Nomination Committee proposes that no Nomination Committee shall be established for the purposes of an Annual General Meeting 2018.

Remuneration principles for the senior management (item 12)

The Board of Directors proposes that the Annual General Meeting resolves to approve the following management remuneration principles etc. The remuneration to the Managing Director and other members of the senior management may consist of fixed salary, variable remuneration and other benefits. The total remuneration shall correspond to the prevailing market conditions and be competitive, however, the Company's position and the proposed mandatory share redemption and contemplated voluntary dissolution shall be taken into account. The fixed and variable remuneration shall correspond to the respective individual's responsibility and authority. Notice period for termination of employment shall not exceed eight months.

Special Resolutions

Share split and mandatory redemption programme (item 14)

The Board of Directors proposes that the Annual General Meeting resolves to effect a mandatory redemption programme for all shareholders in accordance with the items below. The resolution to effect the share split (item 14a) and the resolution to effect the mandatory redemption of shares (item 14b) shall be resolved upon as one single resolution.

Resolution to execute a share split (item 14a) and Resolution to effect the mandatory redemption of shares (item 14b)

The Board of Directors proposes that the Annual General Meeting resolves to execute a share split, whereby each outstanding share of USD 0.01 each in the Company is divided into two (2) shares of USD 0.005 each, with one (1) of those shares being redeemable and the other non-redeemable. In connection therewith, holders of Swedish Depository Receipts representing shares in the Company will receive one (1) so called redemption Depository Receipt ("**RDR**") for each Swedish Depository Receipt held. One (1) RDR represents one (1) redeemable share. The redeemable shares shall then be redeemed by the Company. To effect the foregoing the following special resolutions will be proposed:

THAT each of the authorised 500,000,000 shares of USD 0.01 each in the capital of the Company (including all of those shares which have been issued) is hereby divided into two (2) shares of USD 0.005 each with one (1) of those shares being redeemable and the other non-redeemable and that paragraph 6 of the Company's memorandum of association be deleted in its entirety and replaced with the following:

"The share capital of the Company is USD 5,000,000 divided into 500,000,000 shares of USD 0.005 each and 500,000,000 redeemable shares of USD 0.005 each"; and

THAT, subject to the Directors of the Company being able to comply with the provisions of the Companies (Jersey) Law 1991, all of the issued and outstanding redeemable shares of USD 0.005 each in the capital of the Company shall be redeemed on or about 6 September 2017 on a day to be determined by the Directors of the Company.

The total amount to be distributed through the mandatory redemption programme in SEK will be determined and press released the day before the Annual General Meeting. The reason for waiting with determining the amount is that the Company wishes to maintain the current hedging arrangements and retain the potential to hedge currency as long as possible. The amount corresponds to the sale proceeds from the sale of Agro Invest ("AIMC") and Agro Invest Regions ("AIRMC"), subject to prior deduction of costs relating to the Company's future contemplated voluntary liquidation and other projected and possible expenses and funding provisions required for an ongoing litigation and its related requirements in which the Company is a plaintiff in the United States of America, which, according to the assessment of the Company's legal advisors in the case, is more likely than not to have a favourable outcome for the Company and which the Company intends to pursue.

The amount that was estimated as an indication for distribution in the press release made by the Company on 13 February 2017, has been affected by a number of factors and the most important being:

- Lower crop prices;
- Significant changes to the SEK/USD exchange rate (which has been partially mitigated by hedging);
- A change in how the Company will handle the outstanding warrants in the Company, meaning that instead of exercising the warrants and the warrant holders paying the exercise price, the warrants will be cancelled in exchange for a cash payment (which corresponds to the proceeds payable per SDR reduced by the exercise price for the warrants). This means less administration and costs for the Company and due to the reduced dilution, there will be no financial impact for the existing SDR holders. This change is estimated to reduce the redemption amount by approximately USD 4.9 million as previously estimated (in the press release of 13 February); and
- Funds being retained for the purpose of pursuing above-mentioned litigation in the United States of America.

The Company's best estimate, considering a stable SEK/USD exchange rate (at today's rate) and no other unexpected events, is that the total distributable USD amount in the redemption will end up in the range of USD 180 million to USD 182 million. This corresponds to approximately between USD 0.81–0.82 per SDR after dilution by up to a further 9,826,375 SDRs resulting from exercise of the Company's outstanding long term incentive programs.

The last day for trading in the Swedish Depositary Receipts including the right to receive RDRs will be 11 August 2017. No action is required from holders of Swedish Depositary Receipts in order to receive

RDRs. Trading in the RDRs will take place on Nasdaq Stockholm from 16 August 2017 up to and including 30 August 2017. Payment is expected to be made to holders of RDRs on or around 6 September 2017 via Euroclear Sweden AB.

Following completion of the mandatory redemption and the contemplated voluntary liquidation, any remaining funds in the Company (i.e. after liquidation costs and discharge of the Company's liabilities) will be distributed to the holders of the Swedish Depositary Receipts (as well as warrant holders). The Company will revert with further information and timing as to the contemplated voluntary liquidation of the Company following the completion of the redemption distribution, which will partly be determined by the US litigation mentioned above.

Delisting (item 15)

In view of the the Board's proposals under item 14, and in order to enable the Board and management to focus on administration of the execution of the mandatory redemption programme and the Company's contemplated dissolution, the Board of Directors proposes that the Annual General Meeting resolves to instruct the Board to apply to Nasdaq Stockholm for delisting of the Company's Swedish Depositary Receipts as soon as possible.

Miscellaneous

An information brochure describing the proposals under item 14 will be available on the Company's website www.blackearthfarming.com.
